## Flavour Profile

Our 'V Series' is the beginning of something special. This is the first white blend in this series. This wine is a unique blend of Sémillon and Riesling grapes that shows pale but brilliant straw yellow in the glass. On the nose, spring flowers and fresh, vibrant fruits shine through like white peach and ripe apple. This wine has full-bodied texture a crisp acidity all while being refreshing. 'V Series' has a lot to give - this is the perfect summer sipper.

## Growing Conditions

Overall, the 2021 growing season was mostly normal. At the end of June, we experienced a heat dome and the hot spots moved slowly throughout the valley, making us water heavily to keep the vines cool.

## Winemaking

The 'V Series' of wine is a passion project, brilliantly executed by our Master Winemaker Howard Soon. This curated blend of white grapes were hand-picked and whole cluster-pressed. The goal was to capture the essence of the grapes with very little skin contact. This is the first wine in the series, but won't be the last.
